Susan C. Colver Lectureship Fund

Mrs. Susan E. Rosenberger, with her husband, Jesse L. Rosenberger, of Chicago, has endowed the "Susan C. Colver Lectures" in honor of Mrs. Rosenberger's mother, by deeding to the School certain property in Elgin, Illinois, and by giving certain securities to the School. The lecture for 1922 was given by Professor Solomon Henry Clark, University of Chicago.

Situation

Mt. Carroll, a town in northwestern Illinois, of nearly 2,000 people, is ten miles from the Mississippi River, beautifully located among picturesque hills, and is justly celebrated for its beauty and healthfulness. It is the county seat of Carroll County, and is almost entirely a residence town. The School stands on high ground and overlooks a landscape rich and varied. The grounds consist of thirty-six acres, a large part of which is protected and shaded by many majestic pine, maple, and elm trees. The best automobile route from the east and south to Mt. Carroll is over the Lincoln Highway to Sterling, thence north through Milledgeville and Chadwick. This route is being improved steadily and most of it is now hard road.

The town is situated on the Chicago, Milwaukee & St. Paul Railway, 128 miles west of Chicago.

Aim

The main object at which the School aims is to fit its pupils for life—to secure the trained intellect, the refined sensibilities, the self-controlled will, the enlightened conscience, which together make a noble and symmetrical womanhood. It is a preparatory school and a junior college; but it is far more than that.

The pupils are brought into constant contact with teachers of culture, refinement, and experience, who know how to meet the needs of young girls, and who enter sympathetically into their work and play. The appeal is made to the best in a girl; and results show that in most cases the appeal is successful. A series of years in such a school, or even a single year in some cases, will deeply and favorably affect the whole tenor of a girl's life.

Character.—Every applicant for admission must present written statements of recent date from pastor and teacher and physician, giving assurance that she is in every way a suitable person to be a member of a home school for girls. Pupils who do not maintain a passing standard in classroom work or who refuse to abide by the regulations of the School will be dismissed. See also paragraph 2, page 40.

History

The School, founded in 1853, and known for forty-three years as Mt. Carroll Seminary, became, in 1896, by the wish of the founder, Mrs. F. A. W. Shimer, an affiliated school of the University of Chicago. The Board of Trustees consists of fifteen members, representing the University of Chicago, the alumnae of the Seminary, and the citizens of Mt. Carroll.

The hundreds of graduates and pupils of Mt. Carroll Seminary are included as graduates and pupils of the School, and the large constituency gained in over half a century furnishes a constant source of support.

Equipment

Frances Shimer School has the advantage of nearly seventy years of history, experience, and traditions; yet its equipment is entirely modern, having been rebuilt and enlarged since 1903. The nine buildings, solidly constructed of brick and stone, are heated by steam, lighted by electricity, and furnished with modern conveniences.

Dearborn Hall (1903)

This building for Instrumental and Vocal Music contains practice-rooms with sixteen pianos, and rooms for instruction. The building is named for Mrs. Isabel Dearborn Hazzen, formerly head of the Department of Music for over twenty years.

Hathaway Hall (1905)

Hathaway Hall was named for Mrs. Mary L. Hathaway Corbett, of the class of 1869, a sister of Mrs. Hattie N. LePelley, a former Trustee of the School, who gave liberally toward the erection and furnishing of the building. The basement contains a modern gymnasium 87×36 feet, with shower-baths and toilets. The three upper floors contain parlor, rooms for forty people, baths, and trunkroom. The parlor was furnished by the Mt. Carroll Seminary and Frances Shimer School Association of Chicago. Adequate fire protection is secured by a standpipe, with hose connections on each floor, and fire escapes on each end.

West Hall (1906)

West Hall is a well-equipped home for fifty people. It is 154×40 feet. On the ground floor are pupils' parlor and Young Women's Christian Associa-

tion rooms. The studio is on the upper floor. Standpipe, with hose on each floor, and fire escapes are provided, with ample stairways in addition. Bath-rooms are on all floors where pupils reside.

Metcalf Hall

(1907)

Metcalf Hall, to which Andrew Carnegie contributed \$10,000.00, is 107×44 feet, native stone and sand-mold brick, two stories and mezzanine story, with tower and finial 100 feet high. The building contains offices, library, cloakrooms, ten recitation rooms, and auditorium. The auditorium is equipped with stage, curtain, and other facilities for school plays. The walls are adorned with pictures presented by various classes and individuals illustrating different periods of art and architecture, and including, among others, a plaster cast of a part of the frieze of the Parthenon, large photographs of the Roman Forum, the Parthenon, the Cathedral of Florence, Michelangelo's "Jeremiah," the Cathedral of Amiens, Rembrandt's "Syndics," Dürer's "Saints Mark and Paul," and St. Peter's Church.

The building is named in honor of Mrs. Sarah Metcalf, a lifelong friend of the School, whose son, Dr. Henry S. Metcalf, was long president of the Board of Trustees.

College Dormitory and Reception Hall

(1909)

College Hall is modified colonial, 90×40 feet, three stories, with basement and attic. The main feature of the ground floor is a drawing-room, 40×32 feet, broken by Corinthian columns, in addition to a broad, spacious reception hall, parlor, dining-room, and service kitchen. The second and third floors contain rooms for about forty pupils and teachers. The building furnishes a home for College girls and social facilities for the use of the entire School.

Power Plant and Laundry

(1911)

The building is brick on concrete foundation, 80×56 feet. In the steam plant are installed two eighty-horse-power tubular boilers. These boilers are served by two Jones's underfeed stokers. The plant maintains a pressure of steam in the radiators in rooms and halls throughout the institution.

The laundry, which occupies a third of the building, is equipped with modern laundry machinery.

The School Infirmary

(1913)

The infirmary is 43×36 feet, red pressed brick and stone trimmings, with concrete foundation. It is one story high, with concrete covered porch. The

building contains a nurses' reception room, two wards, two completely equipped bathrooms, two rooms for nurses, a kitchen, in addition to hall and linen closets.

Science Hall

(1914)

Science Hall is a building of stone and brick, two stories and basement, 78×44 feet. The basement contains gas machine, hot-water heater, facilities for hand laundry for use of pupils, and storeroom. The main floor is given chiefly to Home Economics and Household Art.

The upper floor contains the chemical laboratory, 32×18 feet, with chemical work tables of latest design, well equipped for the use of sixteen pupils.

The physics laboratory, 18×28 feet, is equipped with a demonstration table, with electric, gas, and water connections. The laboratory is intended to accommodate ten pupils working at one time, and the supply of apparatus fills all needs for experiments outlined in the Millikan and Gale *Manual*.

William Parker McKee Hall

(1922)

William Parker McKee Hall, built in part by funds contributed by the Baptist Board of Education, is 112×40, built of red pressed brick with stone trimmings, is four stories high. The ground floor contains the dining-room, serving-room, and kitchen. The other floors have a parlor for the use of the students, a suite of rooms for the Principal, a kitchenette, ample bathrooms, and rooms for 41 students and teachers to be increased to 53 when top floor is finished. This building furnishes a home for College girls, and a dining-room for the entire School. This building is named for William Parker McKee in honor of the completion of twenty-five years of service as Dean of the School, and is under contract to be ready September 20, 1922.

Carnegie Library

At the solicitation of officials of the School, Andrew Carnegie offered, in February, 1905, to give \$10,000.00 to build a free public library for Mt. Carroll, if the town would furnish a suitable site and provide by taxation a sustaining fund. This library is available for school use.

Churches

Members of the School go to the Baptist and Methodist churches with teachers. The Methodist church is large and commodious, equipped with pipe organ and Sunday-school room in addition to the auditorium. The Baptist church erected in 1913 a Sunday-school building as an addition to its equipment and enlarged its audience room and organ and installed a steam-heating plant.

Social Life

Social life is by no means neglected. Saturday evening and Monday afternoon are for recreation. The various student organizations of the School not only supply adequate diversion but give valuable social training. Through managing class parties, luncheons, and theatricals girls learn to plan and carry out simple but attractive forms of entertainment. The social atmosphere is wholesomely democratic. Every girl is expected to use and develop for the general benefit whatever social gifts she may possess. Appropriate dress, a pleasing manner, poise, graciousness, entertaining conversation, ability to appear at ease before an audience, are as much a part of the School ideal as are scholastic attainments. With the assistance of class counselors and other teachers, girls give costume parties, dances, masquerades, tableaux, bazaars, teas, luncheons, lawn fêtes, concerts, and plays; they plan menus, arrange table decorations, devise costumes and stage properties; occasionally they write their own plays.

The location of the School is exceptionally favorable for the cultivation of an interest in out-of-door life and sports. Golf, tennis, cross-country walks, coasting, and picnicking are a part of the daily life, contributing to appetite and sound sleep, and laying the foundation for physical health and mental poise.

A victrola with many valuable records is one form of entertainment. Another is the motion-picture machine.

Endowment

At her decease, November 10, 1901, Mrs. F. A. W. Shimer left the bulk of her property in trust for the benefit of the School. The property consists of money and real estate, chiefly in Illinois, Iowa, Nebraska, and Florida.

In addition to this, Miss Adelia C. Joy, for twenty years Lady Principal of Mt. Carroll Seminary, who died in October, 1903, in Davenport, Iowa, left bequests to the School and to the Educational Aid Association. The latter is for the benefit of pupils in the School who are worthy and who need financial help.

Further endowment is greatly needed for the general purposes of the School. Friends of the institution are urged to visit it and acquaint themselves with the character of the work done. Those who are interested in disposing of their property in this way are referred to the directions given in such instances on the third page of the cover of this *Calendar*.

The Junior College

Admission to the Junior College

Pupils must present certified lists of credits secured in high school before they will be admitted to the Junior College. Such certificates should be sent in with the application for room, and, in any case, must be presented on entrance. No classification is given until the certified list of credits is presented.

Fifteen units are required for admission. A pupil who has fourteen units may enter on condition. Graduates of accredited high schools will receive without examination credit toward admission for work done on presentation of certified lists as above.

Requirements for Graduation

No student may graduate from the Junior College with less than 60 semester hours' work, an average of 30 each of the two years of the course. (An hour means a recitation once a week for one semester.) As a rule students are advised to carry four studies, each meeting four times a week, making 16 recitation periods each week. A diploma is given at the end of the course.

Students wishing to receive college credit in music must possess as a prerequisite the equivalent of Grades I to VII in *Calendar*, pp. 34, 35, or I to VI in voice. The college music requires not less than one hour a week of instruction with the head of the Department, and not less than two hours a day practice. Credit will not be given in practical music without a year in Harmony. For extra charges in practice and theory, see "Expenses," p. 39.

The Junior College work is the equivalent of the Freshman and Sophomore years of a regular college. At the University of Chicago credit is given without examination on the basis of two majors for one unit, but a student whose average is 80 or better will be given 18 majors for the two years' work, 64 semester hours. Institutions which have the semester system grant credit as a rule, semester hour for semester hour, even. A good student who has done two full years' work at Frances Shimer School may enter the Junior class at college, provided the work done here is chosen with reference to the requirements of the college of her choice. Up to January, 1922, these institutions have given advanced standing to pupils who did one or more years of college work at the Frances Shimer School: University of Chicago, Boston University, Smith College, Goucher College, University of Nebraska, University of Colorado, Mount Holyoke College, Leland Stanford Junior University, University of California, Northwestern University, Wilson College, Knox College, University of Illinois, University of Wisconsin, Colorado, Lake Erie, Simmons, and Grinnell colleges, the Universities of Iowa and Michigan, Iowa State Teachers College, University of Minnesota, Illinois State Normal

College, University of South Dakota, Dakota Wesleyan University, and Colorado Agricultural College, Beloit, University of Indiana, Oxford College for Women, Drake University.

Pupils contemplating taking Junior College work are requested to write the Dean stating specifically what work they wish to do.

The Academy

The Academy is a member of the North Central Association of Colleges and Secondary Schools.

On entrance and before classification pupils must present an official report from the school last attended, showing courses pursued and standing. Students will be admitted to advanced classes on presenting such written statements from principals giving detailed account of work done. Classification is delayed until a certified list of credits is produced. Vacation work will be credited only on examination. Work done under private tutors will be accepted only on examination.

The courses of study in the Academic Department include the studies necessary for admission to the best colleges. Any academic pupil who wishes to prepare for a specified college or university will pursue such studies

as may be required by that institution. Other pupils will select such studies as they prefer, subject to conditions stated below and to the approval of the Dean.

In the statements which follow a unit usually represents an exercise five times a week for the usual school year.

Students who complete fifteen units (three of which must be in English, two in a language other than English, one in History, two in Mathematics, and one in Science; if but one year is offered it should be in the latter part of the course) from the list below will be entitled to the Academic Diploma of the Frances Shimer School. For graduation in Elocution see that department.

Pupils who do not wish to graduate may be excused from these required subjects, subject to the approval of the Dean.

Physical culture is required of all pupils unless excused by physician's certificate. This is in addition to the 15 units mentioned above.

Summary of Academic Courses Offered

Each pupil is supposed to have four studies. Strong pupils may sometimes carry an extra course in Music, Art, or Elocution. The recitation periods are forty-five minutes long. Monday is the weekly holiday.

In certain cases electives may be taken in other years than the ones stated.
 French may not be taken until the second year, or preferably the third year. Biblical History may not be taken until the third year. Stenography may not be taken until the third year.

One-half unit is allowed for sewing one semester, 10 periods a week. One-half unit is given for cooking 10 periods a week one semester.

Credit is allowed for Stenography and Typewriting on the basis of 450 periods or one unit.

One-half unit in Music may be secured by taking instruction one hour a week for one year, practicing one and a half hours a day, or a unit for two years.¹ For two years' work in Elocution, or for seven hours a week one year in Art, one credit is given. Not more than three of the fifteen units offered for graduation may be made up of Music, Art, Elocution, Stenography and Typewriting, Cooking, Sewing.

The work offered above, if rightly chosen, is ample for admission to the University of Chicago, to Vassar, Wellesley, and other colleges for women, and other universities and colleges East and West. To ascertain the exact requirements at each college it is advisable to write to the colleges concerned. It is highly desirable that pupils wishing to prepare for college should enter here early in the Academy course, otherwise they may lose a year in preparation for college entrance. This has been the experience of many girls who spent some years in schools not on the accredited list of the colleges in question.

Pupils from other schools who desire certification to college from this institution must spend at least one year here carrying at least three studies as members of the Senior class.

Examinations are held each semester. Reports showing term and examination standing are sent to parents. Students who have completed these examinations in the required studies will be admitted without examination to the University of Chicago, the state universities, to Beloit, and all other colleges which admit on certificate.

The time for graduation from the Academic Department is usually four years.

For graduation in Music, Art, and Elocution, see pages given to those departments.

Academic Courses

1. English

Composition and literature receive about equal attention in each year's work. Reading outside of the books specifically mentioned in the outline is encouraged and sometimes required. The books studied and the ground covered vary somewhat from year to year. The third year of the work is elective, the other three required for graduation; however, students are strongly advised to take the third-year work. Two English courses may not be taken at once; the fourth-year work may not be taken until the Senior year.

The following outline represents the work for 1921-22.

¹In Voice, one hour practice the first year; one and one-half the second.

English is required. Psychology, History, and French are earnestly recommended to be taken in the regular classes of the Academy or Junior College.

Class recites four lessons per week. First and second semesters, Miss GILLARD.

SOLFEGGIO: It is becoming increasingly necessary for vocalists to have a thorough knowledge of sight-singing. This course is arranged especially for vocal students wishing to prepare themselves for soloists, or teachers of music in public schools. It comprises drill in interval and scale singing, time subdivisions, dictation, and part singing.

Class recites two lessons per week. First and second semesters, Miss KESSON.

works, and pieces by Bendel, Godard, MacDowell, Liebling, Loeschhorn, Chopin, Henselt, and Grieg; Beethoven's sonatas.

In every grade a sufficient number of pieces will be given to insure proper development of style. The course for graduation also requires sufficient work in accompanying and transposing to render the pupil proficient in both.

Students may enter any grade for which they are found qualified. Some previous knowledge of the rudiments of music is expected of pupils entering the regular course. Superior advantages, however, are provided for those beginning music.

Requirements for graduation in the Piano Course include the work of the above-mentioned six grades, together with Harmony and Analysis one year, the literary work required of all students of Music and Art (see p. 38), the History of Music one-half year, and the following selections memorized: one concerto, Mendelssohn G-minor concerto or equivalent; two Beethoven sonatas; two Bach fugues; two groups of smaller solos. The School diploma, signed by the officers of the School, is granted the graduates in Piano.

For those who desire to continue in the School and carry their work to a greater degree of attainment two courses have been arranged, as follows:

GRADE VII

(ADVANCED COURSE)

Czerny, *School of the Virtuoso*; Kullak, *Octave Studies*; études by Neupert, Seeling, Foote, and Moscheles; sonatas by Scarlatti, Weber, and Grieg; concerto in D minor, Mozart, and in C major, Beethoven; compositions by Raff, Reinecke, Liszt, Rubinstein, Schumann, Sinding, Debussy, and others; Beethoven's more important sonatas.

Études by Chopin, Opus 10 and 25; Henselt, Opus 2 and 5; Rubinstein, Opus 23; Liszt's transcriptions of Bach's works and Hungarian rhapsodies; Beethoven, sonatas, Opus 53 and 57; Schumann, toccata and sonata, Opus 22; Chopin's larger works, and modern works of artistic merit and importance.

(This course requires a year to complete.)

A demonstrative recital given before the School is required of each graduate in each course, the program being memorized.

Vocal Course

The first and most important consideration in voice-building is the establishment of correct breathing. This fact will be emphasized throughout the entire course.

Outline of Vocal Course

First and Second Grades.—Exercises for tone production; exercises in breathing; elements of notation; exercises in vocalization and solfeggio; sight-singing.

Third and Fourth Grades.—Exercises in vocalization and solfeggio continued; exercises for articulation in English and Italian; studies by Sieber, Concone, Vaccai, Lamperti, Marchesi, and others are used; arias of moderate difficulty, ensemble singing.

Fifth and Sixth Grades.—More difficult studies in phrasing and expression; exercises for flexibility, embellishment, etc., at the same time building and memorizing a repertoire of church, concert, and operatic music.

Requirements for Graduation

A knowledge of the best songs of the modern German, French, and English composers; the most noted songs from Schubert, Schumann, and Franz.

Arias from the standard oratorios.

Arias from the standard operas.

Anthology of Italian songs of the seventeenth and eighteenth centuries.

A knowledge of piano music, equal to the first and second grades of the Piano Course.

Sight-singing. The course extends over one year.

Harmony and Music History. The course in Harmony extends over one year, four lessons a week. The course in Music History extends throughout one-half year, five lessons a week. Required literary work (see p. 38).

For those satisfactorily completing the regular course and desiring to be more proficient, an advanced course has been arranged.

Advanced Course

Greater familiarity with the standard operas and oratorios.

Bordogni's 36 *Vocalises*, Books I, II.

Exercises, studies, and pieces of noted difficulty.

Proficiency in sight-singing.

A knowledge of piano music equal to third grade.

The final examination will include the rendering of a recital program memorized.

1. It is understood that all house pupils enter for the year, unless written arrangements to the contrary are made on entering.

2. *Payment of Bills.*—If bills are desired before payment is made, they should be asked for long enough in advance to have drafts in the hands of the Dean at time of registration on day of opening. In absence of a bill in advance the regular fee, \$350.00, at least for home and tuition, must be paid at the time of registration at the opening in September. For dates see *Calendar*, p. 5. When a student is compelled to be absent from the School by protracted illness of the student herself covering six weeks or more during term time, the loss for the time after room is surrendered may be shared between the pupil and the School. See also "Registration," p. 45. No money is returned to pupils dismissed or suspended.

3. Girls who are ill cannot be cared for properly in their own rooms and will be required to go to the infirmary. Meals are not served in rooms except in cases of illness when it has not been possible for the girl to go to the infirmary. During illness pupils pay for the services of the nurse for time actually given and for simple remedies furnished. Pupils in the infirmary are charged \$1.50 a day for nurse and meals; more, if night work is needed. In serious illness pupils employ a special nurse and physician. Girls who need the constant care of a physician are not desired nor received. The infirmary is in charge of a trained nurse and her assistant. The nurse cares for minor ailments and decides whether the services of a physician are necessary. She also gives informal talks to the student body on how to keep well.

4. *Laundry.*—The laundry must be plain. All pieces difficult to iron, including white petticoats, will be charged extra. Shirtwaists extra between December 1 and April 1. Laundry should be marked, *in all cases*, with woven names (not initial letters) made by J. & J. Cash Co., South Norwalk, Conn. Write them for prices, giving the name of the School. They are inexpensive, lasting, and cannot be washed out easily.

5. *Student Service.*—The School offers a small number of worthy pupils of limited means opportunity to reduce their expenses by doing clerical work, or work in dining-room. Prospective students who seek such aid should write the Dean, stating what part of the regular bill it is essential that they earn, and what kinds of work they are able and willing to do.

6. Books, stationery, art materials, toilet articles, inks may be purchased at the School Book Store at usual rates. These articles will be sold on credit, and an account will be rendered three times a year.

Parents who wish to intrust spending-money for their daughters to the care of the office may do so.

7. Parents are urged to give their daughters a monthly allowance which should cover all their expenditures while at school, extra laundry, and general shopping. Five dollars a month is a fair amount. Many girls can get along comfortably on considerably less. In no case should it exceed \$10.00 per month. Money cannot be loaned pupils by the School or Dean. In emergencies send money by telegraph.

8. *Deposit on Room.*—Applications for rooms should be sent to the Dean. The sum of \$10.00 must be deposited when a room is engaged either by old or by new pupils, and no room will be reserved unless this deposit has been made.

This deposit will be deducted from the bill of the first semester; or, if the pupil gives up the room before August 1, the deposit will be returned on request.

9. *Absences from Classes.*—Pupils who "cut" the first recitation after the vacation in Winter or Spring, will be charged \$5.00.

10. No pupil whose bills are not fully paid may receive a diploma. No pupil is expected to leave the School at any time until all school bills and miscellaneous bills are paid.

General Information

Special Students.—Students who do not expect to go to college may select such studies as they wish, under the limitations named on p. 24, and may secure a diploma after having done the fifteen units in any work selected. Students who prefer not to work with a view to graduation are free to select such studies as they wish, provided they keep their time occupied and have the approval of the Dean.

Examination and Grading of Students.—A student who has successfully completed her Academic course is admitted to the University of Chicago, to all colleges of the North Central Association of Colleges and Secondary Schools, and to other colleges which accept certificates, without further examination. Examinations are held at the close of each semester.

The final grade is the average of the term grade and the examination grade. Those who receive an average of less than 60, the examination grade being 40 or over, must take another examination within six weeks of the resumption of school work in order to receive credit. Those who have an average of less than 60, with the examination grade below 40, must repeat the course in order to receive credit.

In both College and Academy, no class grade below 50 will be averaged with an examination grade.

1. In the Academy. For graduation 15 units are required, with a passing grade in each course.

A student will be recommended to college only if the general average of all grades received is higher than the passing grade by 25 per cent of the difference between the passing grade and 100. For example: For a passing grade of 60, an average of 70 is required for recommendation to college; for a passing grade of 75, an average of 81 will be required. One-half of the courses taken in the Senior year must be 70 or above.

2. In the Junior College: The standard for graduation and for certification for continued work in other schools is the same.

The general average of all scholastic work must be 70 or above. For students asking recommendation to college before graduation no course with an average under 70 will be recommended.

In both College and Academy, no class grade below 50 will be averaged with an examination grade.

Absences.—Permission must be obtained, when practicable, in advance, for absence from church, from physical exercises, from chapel, and from study

hours, as well as from recitations. Students are expected to attend every exercise. Parents are requested not to ask that their daughters be excused before the work is entirely completed at vacations. Such requests are rarely granted. The full work continues to the hour of closing, and full work begins at the hour of opening after winter and spring vacations. A charge of \$5.00 will be made to each pupil who is not present at her first class recitation at the opening of school after the winter and spring vacations, except in emergencies which the Faculty may decide are sufficient ground for excuse.

Sunday.—Parents are asked to co-operate with the school in keeping Sunday free from visiting, to the end that the rest and quiet and religious exercises of the day may not be interrupted.

Guests.—When notified in advance, if space permits, the School entertains friends of pupils not to exceed three days at one time, at a charge of \$2.00 a day. Parents who come to inspect the School, or who bring their daughters to the School, are particularly welcome. At Commencement usually only guests of Seniors can be received—not more than two for each Senior. Pupils are not excused from any regular school duty on account of guests. Mothers or other women may be received if space permits at the opening if advance notice of 24 hours is given. Lengthy visits are disapproved. Pupils are not allowed to go to the railway station to meet friends or relatives or to see them depart.

Absence from Town.—No student may, under any circumstances, leave the town without permission previously obtained from the Principal on written request of parent. Reasonable week-end absences are allowed. Such requests should be addressed direct to the Dean and in ample time for correspondence. Frequent absences interfere with the studies and health of the pupil concerned, and also disturb the work of other pupils, and seriously diminish the efficiency of the School.

Special requests of any kind should come from the parent to the Dean direct, not through the student. Parents should not consent to requests by pupils, involving suspension of School regulations until written request has been made to the Dean direct and answer has been received.

Advantages of House Residence.—Students from out of town are required in all cases, unless residing with near relatives (as near as uncle), to occupy rooms in the school buildings. Students occupying such rooms avoid many distractions, come into very close contact with the life of the School, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance, and to gain from their fellow-students an enthusiasm for study and a knowledge of life. Not infrequently the best and most lasting results of school life are derived from its associations. Rules for house pupils are furnished on entrance. In general, they provide for the order and behavior of the pupils as would be expected in a good home. Academic pupils are free within the grounds in recreation hours. When outside the grounds, they are under the oversight of teachers, as when they visit dentists, dressmakers, and stores. Names of roommates cannot be given in advance.

College Girls.—The occupants of College and William Parker McKee Halls enjoy student government under a constitution adopted by themselves and approved by the Faculty.

Rooms and Furnishings.—Rooms are of different kinds and sizes. Several rooms in West Hall are single and two in West have space for three each. For extra charge for one pupil in a room, see p. 39. All rooms are furnished with single beds, 6 feet 6×3 feet, chairs, table, bureau, washstand, and window shades. (Windows 6×4, as a rule. Dresser tops 38×19. Commodes 33×18.) Students furnish rugs (if desired), three sheets, three pillow-cases 20×26, all bed clothing, six towels (three bath, three plain), four napkins, and napkin ring, knife, fork, spoon (for use in their own rooms), one gymnasium suit, dark blue preferred (bloomers and blouse), flannel night robes, one pair storm rubbers, hot-water bottle, umbrella, heavy walking shoes. They should also bring dictionary and Bible.

Clothing should be plain. One-piece dresses have been found the most satisfactory for school wear from October to May. They may be bought ready-made or may be made at home. For spring and early fall, cotton dresses or dark skirts with shirtwaists are satisfactory. For church wear and shopping a cloth suit is desirable. Girls are not expected to wear their school dresses to dinner, but only simple dresses are desired at any time. A summer dress, a light waist, or a plain silk or wool dress is appropriate. Each girl needs one or two inexpensive party dresses.

Elaborate or very low-necked dresses are not allowed. The ordinary round neck or rather high square neck may be worn. School is not the place for expensive jewelry. At least two fancy-dress parties are given during the year—one on Hallowe'en, the other on Washington's birthday. If a girl has any fancy costume which she has used in the past, she may find it convenient to bring it with her.

All articles must be plainly marked with J. & J. Cash's woven names (not initials). See under "Laundry" above. Beds are single, iron, with low ends, 6 feet 6 inches ×3 feet. Trunks are not allowed in the pupils' rooms but are stored and are accessible.

As a precaution against fire, stoves of all kinds—oil, alcohol, gasoline, and chafing dishes—are prohibited in pupils' rooms. Pupils are not allowed to keep lamps, candles, or matches in their rooms, nor use electric devices.

Correspondence.—Pupils' letters are never opened by the School. When parents wish correspondence restricted they should furnish list of correspondents.

On entrance every girl receives a careful physical examination. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. Parents and friends will assist in preserving the health of the pupils if they will not send them food or confectionery except at Thanksgiving and on birthdays.

The food furnished by the School is wholesome and abundant, therefore Academy girls are not permitted to receive food from home except under the following conditions: At Thanksgiving girls are allowed to receive a box of food which must not include canned or cooked meats or fowl or fish, and must not exceed 5 lbs. in weight (this is imperative). This must reach Mt. Carroll by the Saturday after Thanksgiving Day. On their birthdays Academy girls are also allowed to receive a small box of cookies or cake. *If food is sent contrary to rules, it may not be delivered. This rule is strictly enforced.* Occasionally a small box of candy or homemade cookies may be sent on Saturday. Fruit may be

furnished at any time. Fruit may be purchased, and permission is given to make candy occasionally.

Telephone.—The use of the telephone is limited, in the interest of pupils. Strangers are not allowed to talk with pupils on the telephone. All conversations must be limited to recreation hours and to parents.

Express.—All express and telegrams must be sent in care of the School and should be prepaid to avoid delay.

Care of Rooms.—The girls are required to care for their own rooms, which are inspected daily, except Sunday. On school days they must be clean and in order by 8:00, when recitations begin. On Monday forenoon (the weekly holiday) the rooms are given a more thorough cleaning and are inspected at ten o'clock. A list of the rooms with marks they receive from the inspector is kept posted on the bulletin board. Personal instruction is given girls where necessary.

House Meeting.—All house pupils are required to gather in the Auditorium Monday forenoon for half an hour. At this time talks are given by the Principal on various subjects touching ethics and manners, including such matters as table manners, neatness and taste in dress, care of rooms, deportment in school and in public.

The Dining-Room.—Each table in the dining-room seats ten and is presided over by a teacher. One of the College girls assists at each table, presiding in the absence of the teacher. Seats in the dining-room are changed every six weeks, so that each girl has an opportunity of coming in contact with several of the teachers and varying groups of girls.

The School Day.—The school hours are from 8:05-12:10 and 1:10-3:25. Evening study hours from 6:45-9:00. The forenoon study is broken by chapel exercises at 10:20. After 3:40 the girls either have gymnasium work or exercise out of doors. From about 4:30-5:15, when the dressing-bell rings, the girls are free. After dinner the library is open and all the magazines and newspapers are available for general reading. The gymnasium is also open for informal dancing and the parlors in the various halls are at the disposal of the girls who prefer to gather there.

Saturday Evening.—Saturday evening and Monday afternoon are for recreation. Saturday evening usually there are entertainments or parties of some kind which include all of the girls. The Junior College classes, the Academic Seniors, Juniors, Sophomores and Freshmen entertain the whole school at a party, and usually each class also gives, in the Auditorium, an entertainment which is open to the public. Besides these functions there are various class parties, birthday spreads, luncheons, or dinners prepared and served by the girls with the assistance or under the supervision of one of the teachers. In the spring and fall there are many picnics and walking and other parties, the open and rolling country around the School being particularly favorable for such out-of-door interests. A teacher always accompanies the girls on such occasions, and they are not allowed to interfere with regular school work.

Class Counselors.—Each class elects a member of the Faculty as class counselor to assist in and superintend all class activities.

All secret societies are forbidden in the School.

CALENDAR FOR 1922 AND 1923

Religious Life of the School.—Daily chapel services are held, attended by all teachers and pupils.

A weekly prayer-meeting is sustained by the Young Women's Christian Association. All pupils go to the Baptist or Methodist church and Academy pupils attend Sunday school. Sunday evening a vesper service for the members of the School is held, led by the Dean or by one of the teachers, or by the Y.W.C.A. The intention is that the influences in the School shall be those of a refined Christian home. Voluntary Bible classes are formed each year, led by teachers.

Registration Hours are on the day preceding the opening of each term and on the day of opening. Money paid for extras (music, art, etc.) may be transferred if registration is changed, but will not be returned after the semester opens. See also p. 40, sec. 2.

All Business Communications should be addressed to the Dean.

Diplomas are granted pupils who complete the work either in the Scholastic Department or in Music, Art, or Elocution, and in College Home Economics.

Young Women's Christian Association

This organization maintains a weekly prayer-meeting, encourages social life among the pupils, sends delegates to national students' gatherings, takes charge of Sunday evening meetings occasionally, and seeks in various ways to stimulate religious interest among the pupils.
